Subject: Expensive cleanup is bad for jobs

Please support blue-collar workers by giving us a river cleanup plan that helps our industrial employers grow.

I support a thorough cleanup plan for the Willamette River but the idea that we can restore the river to his original state is not realistic. That kind of cleanup would take forever and it would cost a ton. Make sure that we get a flexible cleanup plan that works.

Thank you for allowing me to weigh in on this important process. Please do the right thing and make sure the cleanup is good for our environment and our economy.

Sincerely,
